SOUND
FREEHOLD

A sound is a long and wide ocean inlet.

From the green and tranquil Marlborough Sounds in New Zealand to the lively urban Puget Sound in the United States or the Oresund that separates Denmark and Sweden, sounds are synonymous with the combination of scenic waters, panoramic landscape and the breathtaking beauty of nature.

Sounds may be called many things: fjords, channels, bays or waterways but they are always known for unique and stunning vistas.

The Sound is an exclusive development in Singapore's famed East Coast that takes inspiration from the meandering, charming wonders of water and landscape that marks some of the most beautiful sounds the world over.

Experience the splendour of The Sound.
